WHY MAGIC PANTS?

Why not? Wouldn't you want magic pants? Could you imagine what you could do with them? Fly to the furthest Burger King in the Andes or travel back in time to the birth of the Cosby Show?

Big Pants Mouse can do all of these things! He can utilize these pants to make mountains fall, control time, and even thought! He is the most powerful mouse on the face of the planet, ready to tackle anything that stands in his path! What can't he do? Well, for one thing, he doesn't use these pants very well.

Big Pants Mouse doesn't use these pants to their full potential because he is quite content with just one use, endless storage space, (big pants). He is a pack rat. That is what any pack rat would use them for. Why would he want to move mountains, when he could just escape into his pants and appreciate the things he cherishes in his life? The little things, the things that normal people like us throw away, scraps of toilet paper, the funny pages, or toenails.

Sounds like the perfect setup! The most cozy arrangement that anyone could conceive, but it don't make for very good stories! Well, these stories of Big Pants Mouse, aren't about how great his life is, these are stories about how even the most powerful rodent has to fight to get through life's most hideous venomous traps and challenges. The things that we struggle with, the things that make us mice, or is that men?

Small Hats Dog, the worst of the bunch. He loves to make Big Pants Mouse's life miserable. Is he evil incarnate? Is he the guy that all of us hate, or just has a lot on his mind, misunderstood and abandoned? These questions will be answered in forthcoming issues.

Suzy Sunshine, the perfect girlfriend? How can she put Big Pants Mouse through such torture? Is it intentional, or is it a test? How will Big Pants Mouse survive? How much can he take?

Plus so many other characters he is going to meet, hate, love, befriend, kill, envy, lust, or even eat. A cat with knuckles larger than his own! A spider with the foulest smelling eye sockets in all of creation! A woodchuck who's very name strikes fear into the feet of large underpaid school teachers! A mouse more famous than the Beatles! There will be little green men, dinosaurs, amputees, fairy god dwarves, tax collection agents—it's all in one book, all in one little life!

I hope that you love Big Pants Mouse as much as he loves his pants. His life is here for you to examine and try to understand. He is a very special little rodent, with all the power in the world, let's just hope that he doesn't collect someone you love!
